

Meridian High School

Ipsa Scientia Potestas Est — **Knowledge is Power.** Meridian High School is dedicated to the belief that equal educational opportunity and a strong education system are crucial cornerstones of an autonomous society. We offer nationally recognized High School Diplomas and a full K–12 curriculum through an innovative online learning environment.

FLORIDA, 33063

EST. 2010

Our Mission

Equal Opportunity

Every student deserves access to a high-quality education regardless of background or circumstance.

Knowledge is Power

Our motto, *Ipsa Scientia Potestas Est*, drives everything we do — from curriculum design to student support.

Lifelong Learning

We provide fulfilling and challenging opportunities from Kindergarten through Grade 12 to meet every student's personal academic goals.

What Is a High School Diploma?

A High School Diploma (HSD) is a diploma awarded upon the successful completion of high school. In the United States and Canada, it is considered the minimum level of education required for government employment and access to higher education institutions. It is the foundational credential that opens doors to college, career, and civic life.

Meridian High School offers a nationally recognized High School Diploma program designed to meet the needs of diverse learners — whether full-time students, working adults, or those who need to catch up on credits. Our program is built to be flexible, rigorous, and rewarding.

A Message from Our Principal

"Greetings from Meridian High School! Thank you for your interest in Meridian High School, a private, nonreligious school that is quickly becoming a leader in online education. Our school takes great pride in providing lifelong learning opportunities to young people and families from Kindergarten through Grade 12."

"It is the goal of our school to provide each of our students with fulfilling and challenging opportunities which will enable them to meet their personal academic goals and long-range future plans. Our outstanding teachers and dedicated staff provide instruction and support to ensure each student's success."

Go Proud Meridians!

— Ky. Col. Zahid Jan, Head of School

A Message from Our Director

The Director of Meridian High School extends a warm welcome to all visitors and Proud Meridians. The school is committed to continuously implementing innovative changes that move students forward into the 21st Century.

"We will continue implementing innovative changes such as the National Secondary School Reform Act and the movement toward Smaller Learning Communities that are designed to move students forward into the 21st Century. These initiatives also emphasize the three new R's: **rigor, relevance and relationships**; consequently, reducing the achievement gap, increasing graduation rates and improving access and entrance to post-secondary education."

The Three New R's

Rigor

High academic standards that challenge every student to reach their full potential and exceed expectations.

Relevance

Curriculum and instruction connected to real-world applications, preparing students for modern careers and life.

Relationships

Building meaningful connections between students, teachers, and families to foster a supportive learning community.

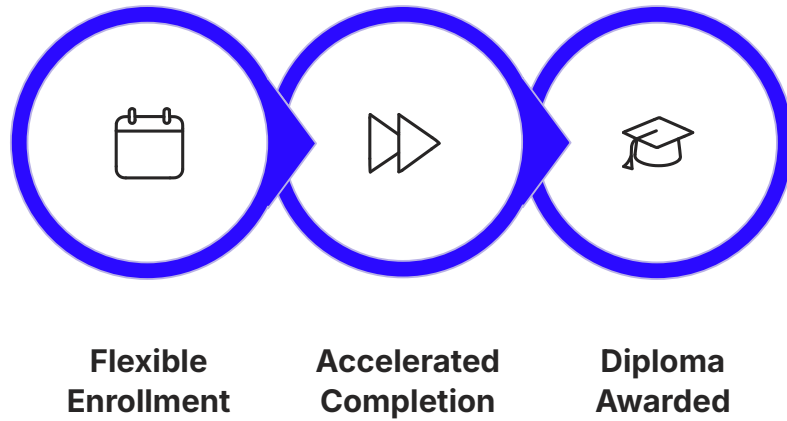

These three pillars guide Meridian's approach to reducing the achievement gap, increasing graduation rates, and improving access to post-secondary education for all students.

Academics at Meridian

Meridian High School uses **block scheduling** for both full-time and part-time students, allowing them to complete their high school diploma in a shorter amount of time. This flexible structure is one of the key advantages that sets Meridian apart from traditional schools. In most cases, students can complete their diploma in as little as **16 months**.

Our academic programs are designed to accommodate a wide range of learners — from students who are on track and seeking acceleration, to those who need to recover credits or learn at their own pace. The curriculum is rigorous, nationally aligned, and delivered by outstanding educators committed to student success.

Block Scheduling Advantage

Block scheduling allows students to focus on fewer subjects at a time, going deeper into each course before moving on. This approach reduces overwhelm, improves retention, and enables faster progression toward diploma completion — a major benefit for students who need flexibility in their academic journey.

About Meridian High School

Meridian High School is a private, nonreligious institution that is rapidly becoming a leader in online education. We serve students from Kindergarten through Grade 12, offering a comprehensive and nationally recognized curriculum. Our school is built on the foundational belief that equal educational opportunity is a cornerstone of a free and autonomous society.

Our professional faculty and dedicated staff work together with a common goal: to ensure every student receives the instruction, guidance, and support they need to succeed. From academic advising to emotional support, Meridian's team is here for every student at every step of their educational journey.

Our Core Values

Equal Opportunity

We believe every student, regardless of background, deserves access to a high-quality education that prepares them for life.

Academic Excellence

Our nationally recognized programs uphold rigorous standards while remaining accessible and flexible for all learners.

Student-Centered Support

Outstanding teachers and dedicated staff provide personalized instruction and support to ensure each student's success.

Innovation in Education

We continuously implement innovative changes aligned with national reform initiatives to keep students moving forward.

Courses We Offer

Meridian High School provides a diverse range of academic programs designed to meet the needs of every type of learner. Whether you are pursuing a full High School Diploma, need to recover individual course credits, or are a working professional seeking to advance your skills, Meridian has a program tailored for you. Our three primary course offerings are structured to provide maximum flexibility and academic rigor.

High School Diploma

Complete your full diploma using block scheduling — most students finish in just 16 months.

Individual Courses

Recover credits or catch up on specific subjects at your own pace without disrupting your overall progress.

Professional Courses

Interactive, fully online courses designed for working professionals to support career growth and skill development.

High School Diploma Program

Meridian High School offers block scheduling for our full-time and part-time students, which means that a High School Diploma is completed in a shorter amount of time. In most cases, students finish high school in just **16 months**. This nationally recognized diploma meets the minimum education requirements for government jobs and higher education in the United States and Canada.

Our diploma program is designed to be rigorous yet accessible, ensuring that every graduate is fully prepared for the next chapter of their life — whether that means college, career, or further professional development. Students receive personalized support from dedicated faculty throughout the entire process.

Why Choose the HSD Program?

Nationally Recognized

Our diploma meets U.S. and Canadian standards for government employment and higher education admission.

Accelerated Timeline

Block scheduling allows most students to complete their diploma in as little as 16 months.

Flexible Enrollment

Available to both full-time and part-time students, making it accessible for learners with varied schedules.

Expert Faculty

Outstanding teachers provide instruction and support every step of the way to ensure student success.

Individual Courses

There are several reasons why students may fall behind in their academic journey. Falling short of the required number of credits due to excessive absence, inability to keep pace with the rest of the class, or other personal challenges can all result in a student needing to retake or recover specific courses.

Meridian's Individual Courses program is designed to address exactly these situations. Students can enroll in specific subjects to recover credits, strengthen their understanding of key material, or simply catch up without having to repeat an entire grade level. This targeted approach saves time and keeps students motivated.

Who Benefits from Individual Courses?

→ **Credit Recovery Students**

Students who have failed a class and need to recover credits to stay on track for graduation.

→ **Frequent Absentees**

Students who have missed significant class time and fallen behind in specific subject areas.

→ **Pace Challenges**

Students who struggle to keep pace with a traditional classroom setting and need a more flexible approach.

→ **Subject-Specific Learners**

Students who only need to complete one or two courses to meet their graduation requirements.

Professional Courses

Our professional education courses are designed for working professionals, offering interactive, fully online learning in a convenient, time-saving format that fits easily into busy schedules. These courses are built to support career growth and practical skill development without requiring students to step away from their professional responsibilities.

Whether you are looking to upskill, change careers, or simply expand your knowledge base, Meridian's professional courses provide a structured yet flexible pathway to achieving your goals. All courses are delivered entirely online, allowing you to learn at your own pace from anywhere in the world.

Professional Course Highlights

1

Fully Online

All professional courses are delivered 100% online, accessible from any device at any time.

2

Interactive Learning

Engaging course materials, assessments, and activities designed to maximize knowledge retention.

3

Career-Focused

Curriculum aligned with real-world professional skills and industry demands for immediate application.

4

Flexible Schedule

Learn at your own pace without disrupting your existing work or personal commitments.

Online Resources

Meridian High School provides students and faculty with access to a range of valuable online resources to enhance the educational experience. One notable resource is the **International Students Association ID Card™** — an internationally recognized identification and discount card available to students of any age and faculty members.

This card provides access to a wide range of discounts, services, and benefits recognized around the world, making it a valuable asset for students who travel, study abroad, or simply want to take advantage of student benefits in their local community. It is just one example of the many resources Meridian makes available to its community.

ISA ID Card™

Internationally recognized student ID with global discounts and benefits.

Digital Library

Access to online academic resources, study materials, and reference tools.

Student Portal

A centralized hub for course management, grades, and communication with faculty.

Faculty & Staff Support

Meridian High School utilizes various faculty and staff members to assist with the daily operation of the school. Our professional faculty and staff work together with the common goal of ensuring every student receives the support they need to thrive academically and personally.

From classroom instruction to administrative assistance, every member of the Meridian team plays a vital role in creating a positive and productive learning environment. Our staff is trained to respond to student needs promptly and compassionately, ensuring that no student is left without the help they need.

How Our Staff Supports You

Academic Instruction

Qualified teachers deliver rigorous, engaging lessons aligned with national academic standards.

Academic Counseling

Dedicated counselors help students plan their academic path and navigate challenges along the way.

Administrative Support

Our administrative team ensures smooth daily operations and is always available to assist students and families.

Student Success Stories

Don't just take our word for it — see what our students are saying about their experience at Meridian High School. Our graduates go on to pursue careers in technology, medicine, design, and countless other fields. Their stories are a testament to the power of a Meridian education and the dedication of our faculty and staff.

From first-generation graduates to career changers and working professionals, Meridian students come from all walks of life and achieve remarkable things. We are proud of every single one of them and honored to have played a role in their journey.

What Our Students Say

“

"Completing my High School Diploma at Meridian High School has been an incredible journey. The supportive faculty and enriching academic programs have truly prepared me for my future endeavors. The guidance and strong academic foundation I received helped me grow both personally and academically, giving me the confidence to pursue my goals."

”

“

"My time at Meridian High School was truly transformative. The comprehensive curriculum and the constant encouragement from my teachers not only helped me achieve my academic goals but also strengthened my confidence, discipline, and sense of responsibility."

”

“

"Meridian High School provided a nurturing yet challenging environment that allowed me to truly excel. The dedication of the teachers, combined with the vibrant and supportive school community, shaped my character and made my high school experience both meaningful and unforgettable."

”

Emily Johnson

BATCH 2014–2018

SOFTWARE ENGINEER

"My time at Meridian High School was truly transformative. The comprehensive curriculum and the constant encouragement from my teachers not only helped me achieve my academic goals but also strengthened my confidence, discipline, and sense of responsibility, preparing me exceptionally well for the next chapter of my life and future ambitions."

Emily graduated from Meridian in 2018 and went on to pursue a successful career as a Software Engineer, crediting her strong academic foundation at Meridian for her professional achievements.

Oliver Smith

BATCH 2019–2023

MEDICAL STUDENT

"Meridian High School provided a nurturing yet challenging environment that allowed me to truly excel. The dedication of the teachers, combined with the vibrant and supportive school community, shaped my character, strengthened my academic abilities, and made my high school experience both meaningful and unforgettable."

Oliver graduated in 2023 and is currently pursuing a degree in medicine, inspired by the rigorous academic preparation he received at Meridian High School.

Mei Tanaka

BATCH 2016–2020

FASHION DESIGNER

"Completing my High School Diploma at Meridian High School has been an incredible journey. The supportive faculty and enriching academic programs have truly prepared me for my future endeavors. The guidance and strong academic foundation I received helped me grow both personally and academically, giving me the confidence to pursue my goals."

Mei graduated in 2020 and has since built a thriving career as a Fashion Designer, drawing on the creativity and discipline she developed during her years at Meridian.

Graduate Outcomes

Meridian High School graduates go on to pursue a wide range of careers and academic paths. Our alumni are represented in fields including technology, healthcare, design, business, and the arts. The diverse outcomes of our graduates reflect the breadth and quality of the education we provide.

16

Months to Diploma

Most students complete their full HSD in just 16 months using block scheduling.

K-12

Grade Range

Serving students from Kindergarten all the way through Grade 12.

2010

Founded

Serving students and families since 2010 from our Florida base.

A Community of Proud Meridians

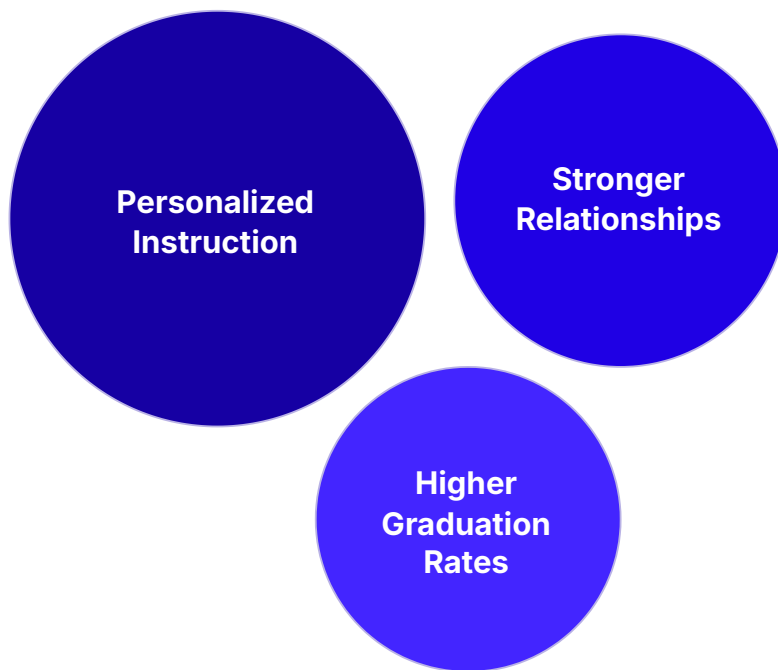

At Meridian High School, we don't just educate students — we build a community. Our students, alumni, faculty, and staff are all part of the Meridian family, united by a shared commitment to learning, growth, and excellence. The spirit of ***Go Proud Meridians!*** is more than a motto — it is a way of life that our community embraces every day.

From the moment a student enrolls to the day they walk across the graduation stage, Meridian is with them every step of the way. Our community is supportive, diverse, and deeply committed to the success of every individual member.

Smaller Learning Communities

One of the key initiatives at Meridian High School is the movement toward **Smaller Learning Communities** — a nationally recognized approach to education reform that creates more personalized, focused learning environments within the school. This model allows teachers to know their students better and tailor instruction to individual needs.

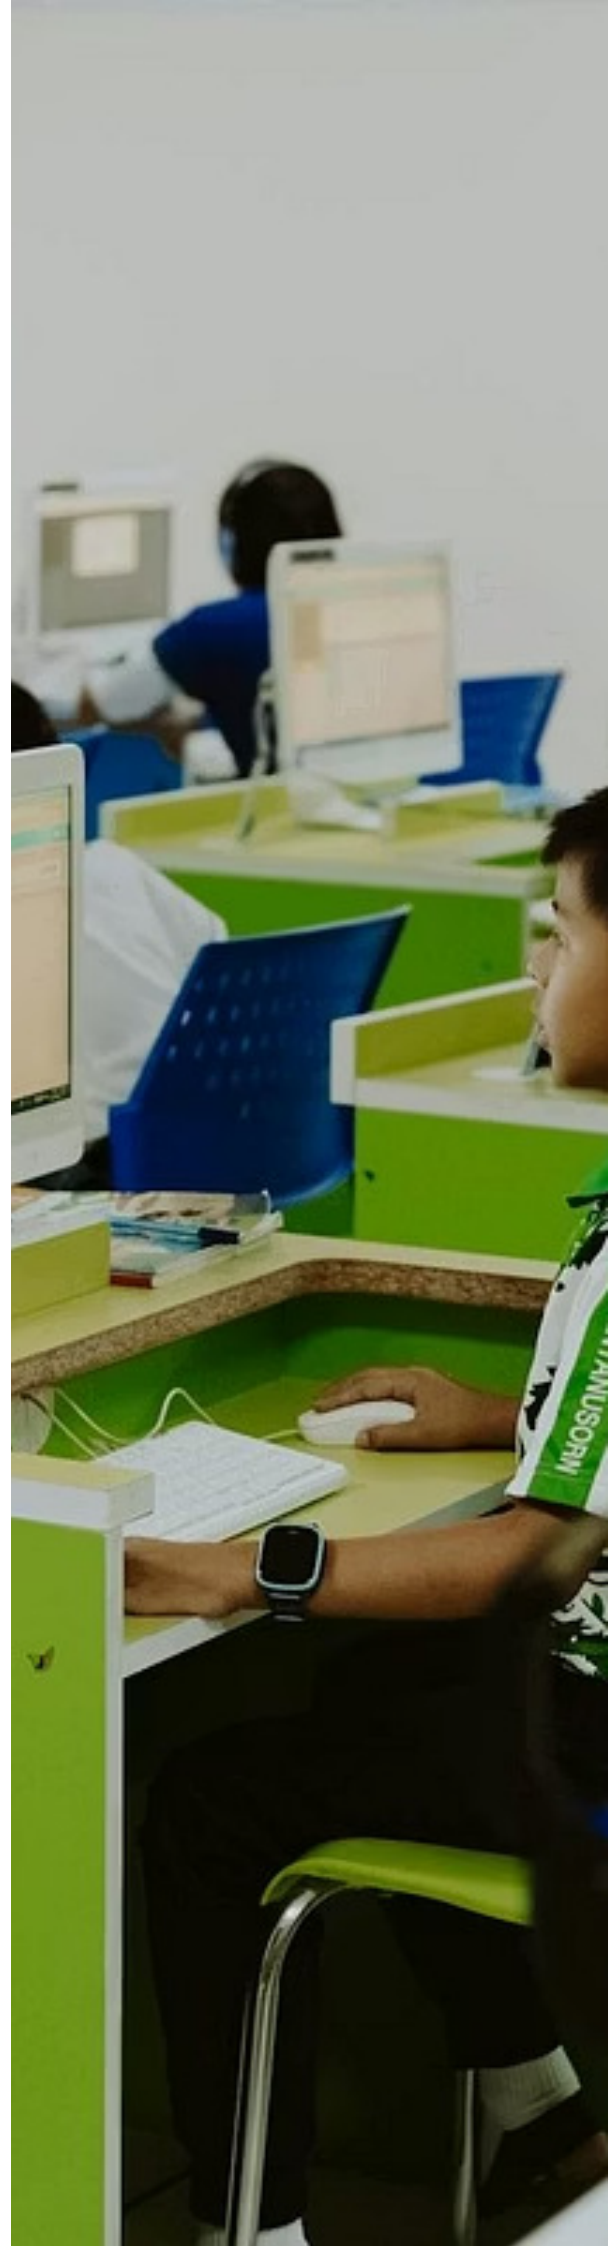

Smaller Learning Communities are a core component of the National Secondary School Reform Act, which Meridian has embraced as part of its commitment to innovation in education. By reducing class sizes and creating more intimate academic settings, we are able to provide a higher quality of instruction and support for every student.

National Secondary School Reform Act

Meridian High School is proud to be implementing the **National Secondary School Reform Act**, a landmark initiative designed to modernize secondary education and prepare students for success in the 21st Century. This reform emphasizes the three new R's — rigor, relevance, and relationships — as the foundation of effective education.

The goals of this initiative include reducing the achievement gap between different student populations, increasing graduation rates across the board, and improving access to and entrance into post-secondary education. Meridian's adoption of this framework reflects our deep commitment to educational equity and excellence for all students.

Reducing the Achievement Gap

One of Meridian's most important commitments is to reduce the achievement gap — the persistent disparity in academic performance between different groups of students. Through personalized instruction, flexible scheduling, and targeted support programs, we work to ensure that every student has an equal opportunity to succeed.

Personalized Learning

Instruction tailored to each student's unique learning style, pace, and academic needs.

Targeted Interventions

Early identification of struggling students and prompt, effective support to get them back on track.

Equitable Access

Ensuring all students, regardless of background, have access to the same high-quality educational resources.

Increasing Graduation Rates

Meridian High School is deeply committed to increasing graduation rates by providing every student with the tools, support, and flexibility they need to complete their diploma. Our block scheduling system, individual course options, and dedicated faculty all contribute to keeping students on track and motivated to finish.

We believe that every student who enrolls at Meridian has the potential to graduate, and we work tirelessly to make that a reality. From academic counseling to credit recovery programs, every resource at Meridian is designed with graduation in mind.

Post-Secondary Access & Preparation

Improving access to and entrance into post-secondary education is a central goal of Meridian High School. Our nationally recognized diploma is accepted by colleges and universities across the United States and Canada, giving our graduates a strong foundation for higher education.

College Ready

Our rigorous curriculum prepares students for the academic demands of college and university programs.

Career Ready

Practical skills and professional courses equip graduates for immediate entry into the workforce.

Nationally Recognized

Our diploma meets U.S. and Canadian standards for higher education and government employment.

From Meridian to the World

A Meridian High School diploma is more than a piece of paper — it is a passport to opportunity. Our graduates have gone on to attend colleges and universities, launch careers, start businesses, and make meaningful contributions to their communities and the world at large.

The education students receive at Meridian equips them not just with academic knowledge, but with the confidence, discipline, and resilience they need to thrive in whatever path they choose. We are proud of every Meridian graduate and the incredible things they go on to achieve.

Private & Nonreligious

Meridian High School is a private, nonreligious institution, which means we are committed to providing an inclusive, secular education that welcomes students of all backgrounds, beliefs, and cultures. Our school is a place where every student is valued and respected, regardless of their personal or religious identity.

As a private institution, Meridian has the flexibility to innovate and adapt our programs to meet the evolving needs of our students and the broader educational landscape. We are not bound by the constraints of public school systems, allowing us to implement cutting-edge approaches to teaching and learning.

Inclusive	Secular	Innovative
Open to students of all backgrounds, beliefs, and cultures.	Nonreligious education that respects the diversity of our student body.	Private status allows us to implement forward-thinking educational approaches.

Online Education Leadership

Meridian High School is quickly becoming a leader in the field of online education. Our fully online platform allows students from anywhere in the world to access a high-quality, nationally recognized education without the constraints of geography or traditional school schedules.

Online education is the future, and Meridian is at the forefront of this transformation. Our platform is designed to be intuitive, engaging, and effective — providing students with the same quality of education they would receive in a traditional classroom, but with the added benefits of flexibility and convenience.

Benefits of Online Learning at Meridian

Learn from Anywhere

Access your courses from any device, anywhere in the world, at any time that suits your schedule.

Flexible Scheduling

Study at your own pace without being tied to a fixed timetable or physical classroom location.

Quality Education

Nationally recognized curriculum delivered by outstanding, qualified educators committed to your success.

Dedicated Support

Faculty and staff are available to provide guidance, instruction, and support throughout your studies.

The Meridian Difference

What sets Meridian High School apart from other online schools? It is our unwavering commitment to student success, our innovative approach to education, and our deeply supportive community. We don't just deliver content — we build relationships, foster growth, and celebrate every student's achievements.

"It is the goal of our school to provide each of our students with fulfilling and challenging opportunities which will enable them to meet their personal academic goals and long-range future plans."

— **Ky. Col. Zahid Jan, Head of School**

Fulfilling & Challenging Opportunities

At Meridian, we believe that education should be both fulfilling and challenging. We push our students to reach their full potential while ensuring they have the support they need to succeed. Our programs are designed to stretch students academically while keeping them engaged and motivated throughout their educational journey.

Enroll

Begin your journey with a simple, straightforward enrollment process designed to get you started quickly.

Learn

Engage with rigorous, nationally aligned coursework delivered by expert educators online.

Graduate

Earn your nationally recognized High School Diploma and open the door to your future.

Personal Academic Goals

Every student who comes to Meridian High School brings with them a unique set of goals, dreams, and aspirations. Our role is to help each student identify those goals and create a clear, achievable path to reaching them. Whether a student wants to go to college, enter the workforce, or pursue a creative career, Meridian provides the foundation they need.

Our academic counselors work closely with each student to develop a personalized academic plan that aligns with their long-range future plans. This individualized approach ensures that every student's time at Meridian is purposeful, productive, and deeply meaningful.

Long-Range Future Planning

Meridian's approach to long-range future planning ensures that every student graduates not just with a diploma, but with a clear vision for their next steps. From the moment of enrollment, we are thinking about where each student is headed and how we can best prepare them to get there.

Outstanding Teachers

The quality of our teachers is one of Meridian's greatest strengths. Our faculty are not just subject matter experts — they are passionate educators who genuinely care about the success and well-being of every student. They bring enthusiasm, expertise, and empathy to every interaction, creating a learning environment where students feel valued and supported.

Our teachers are trained in the latest online education methodologies and are committed to continuous professional development. They use a variety of instructional strategies to engage students and ensure that learning is both effective and enjoyable.

Dedicated Staff

Behind every successful student at Meridian is a team of dedicated staff members working tirelessly to ensure the school runs smoothly and every student's needs are met. From administrative coordinators to technical support specialists, our staff are the backbone of the Meridian community.

Administration

Keeping daily operations running smoothly so students and teachers can focus on learning.

Technical Support

Ensuring the online platform is always accessible, functional, and user-friendly for all students.

Academic Advisors

Guiding students through their academic journey with personalized advice and encouragement.

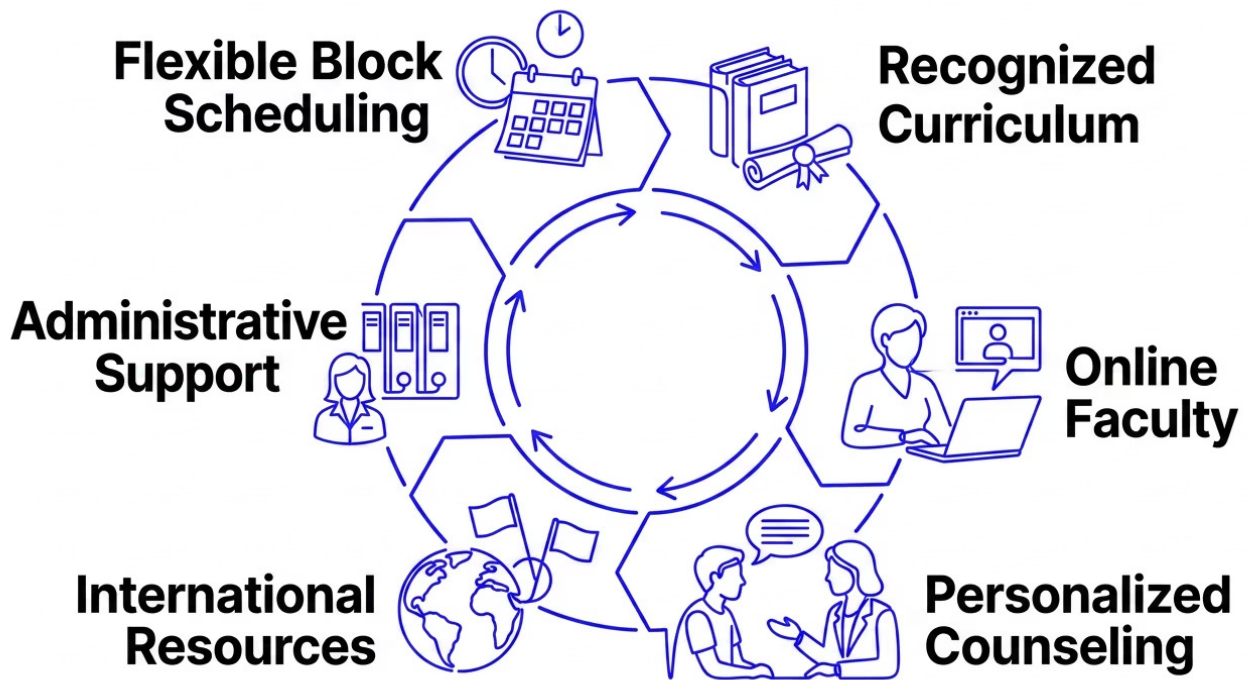

Instruction & Support

At Meridian High School, instruction and support go hand in hand. We believe that great teaching is not just about delivering content — it is about building relationships, understanding individual student needs, and providing the right support at the right time. Our faculty and staff are trained to identify when a student is struggling and to intervene quickly and effectively.

Whether a student needs extra help with a difficult concept, guidance on managing their workload, or simply encouragement to keep going, Meridian's team is always there. We are committed to ensuring that every student has the support they need to succeed, no matter what challenges they face.

The Meridian Learning Experience

The Meridian learning experience is designed to be holistic, flexible, and deeply supportive. Every element of our program — from scheduling to faculty to resources — is carefully designed to maximize student success and satisfaction.

K–12 Education at Meridian

Meridian High School serves students from Kindergarten through Grade 12, providing a comprehensive educational pathway that supports learners at every stage of their development. Whether a family is looking for a complete K–12 solution or a student needs to join at a specific grade level, Meridian has the programs and resources to meet their needs.

Our K–12 curriculum is nationally aligned and designed to build on itself progressively, ensuring that students develop a strong academic foundation in the early grades that supports their success in high school and beyond. Every grade level is taught by qualified educators who understand the unique developmental needs of students at that stage.

Lifelong Learning Opportunities

Meridian High School is committed to providing lifelong learning opportunities to young people and families. We believe that education does not end at graduation — it is a continuous journey of growth, discovery, and self-improvement that lasts a lifetime.

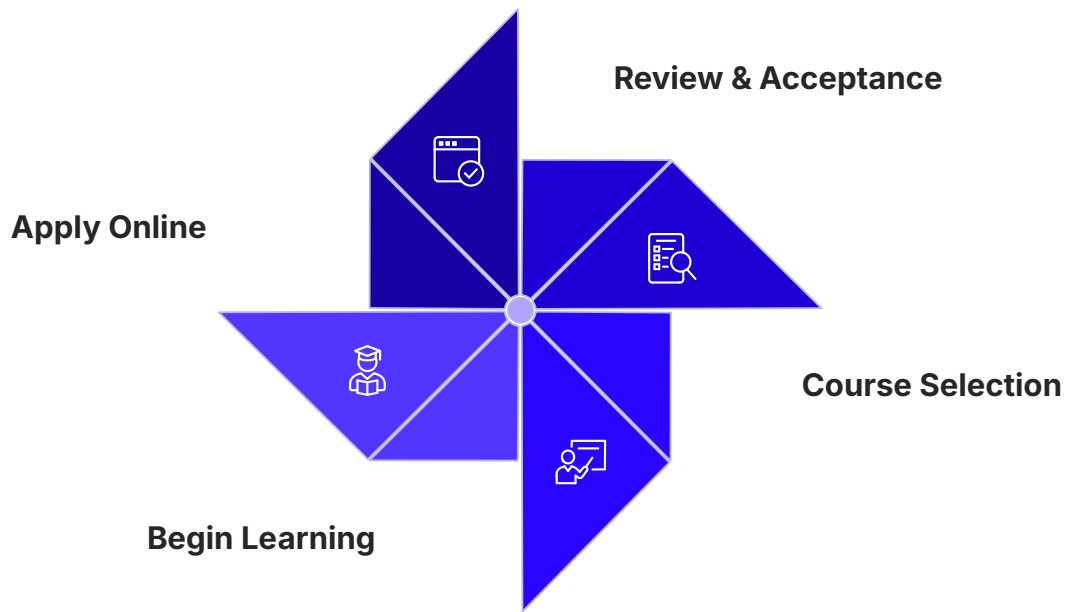

Families & Meridian

Meridian High School recognizes that education is a family affair. We work closely with families to ensure that parents and guardians are informed, involved, and supported throughout their child's educational journey. Our staff are always available to communicate with families, answer questions, and provide updates on student progress.

We believe that when families and schools work together, students thrive. That is why we have built a culture of open communication, transparency, and partnership with the families we serve. From enrollment to graduation, Meridian is a partner to every family in our community.

Enrollment Process

Getting started at Meridian High School is simple and straightforward. Our enrollment process is designed to be as smooth and stress-free as possible, so students can focus on what matters most — their education. From the initial application to the first day of class, our team is here to guide every student and family through each step.

School Catalog

The Meridian High School School Catalog is a comprehensive resource that contains everything you need to know about our programs, courses, policies, and procedures. It is an essential reference for all current and prospective students and their families.

The catalog includes detailed information about our High School Diploma program, Individual Courses, Professional Courses, enrollment requirements, academic policies, and much more. We encourage all prospective students to review the catalog carefully before applying to ensure that Meridian is the right fit for their educational goals.

- 📄 Download the School Catalog at **meridianhigh.school/Forms/catalog.pdf** to learn everything about our programs and policies.

Academic Policies

Meridian High School maintains clear and fair academic policies designed to ensure the integrity of our programs and the success of our students. These policies cover everything from attendance and grading to credit requirements and graduation standards. All students are expected to familiarize themselves with these policies upon enrollment.

Attendance

Students are expected to engage regularly with their coursework and meet participation requirements for each course.

Grading

A clear, transparent grading system ensures students always know where they stand academically.

Credit Requirements

Students must earn the required number of credits in specified subject areas to qualify for graduation.

Graduation Standards

All graduates must meet national academic standards to receive their nationally recognized High School Diploma.

Credit Recovery at Meridian

Credit recovery is one of the most important services Meridian High School provides. Students who have fallen behind due to excessive absences, personal challenges, or academic difficulties can use our Individual Courses program to recover the credits they need to stay on track for graduation.

Our credit recovery program is flexible, self-paced, and fully supported by our faculty. Students can work through recovery courses at a speed that suits their individual circumstances, ensuring they are not overwhelmed while still making meaningful progress toward their diploma.

21st Century Education

Meridian High School is committed to preparing students for success in the 21st Century. This means going beyond traditional academic content to develop the critical thinking, digital literacy, communication, and collaboration skills that modern employers and universities demand.

Critical Thinking

Developing the ability to analyze, evaluate, and synthesize information from multiple sources.

Digital Literacy

Building proficiency with digital tools and platforms essential for modern academic and professional life.

Communication

Strengthening written and verbal communication skills for academic, professional, and personal success.

Collaboration

Learning to work effectively with others in diverse, dynamic, and often virtual environments.

Innovation in Education

Innovation is at the heart of everything Meridian High School does. From our block scheduling system to our online learning platform, every aspect of our school is designed with innovation in mind. We are constantly looking for new and better ways to serve our students and improve educational outcomes.

Our adoption of the National Secondary School Reform Act and our commitment to Smaller Learning Communities are just two examples of how Meridian is leading the way in educational innovation. We are not content to simply follow best practices — we are committed to setting them.

Meridian's Educational Philosophy

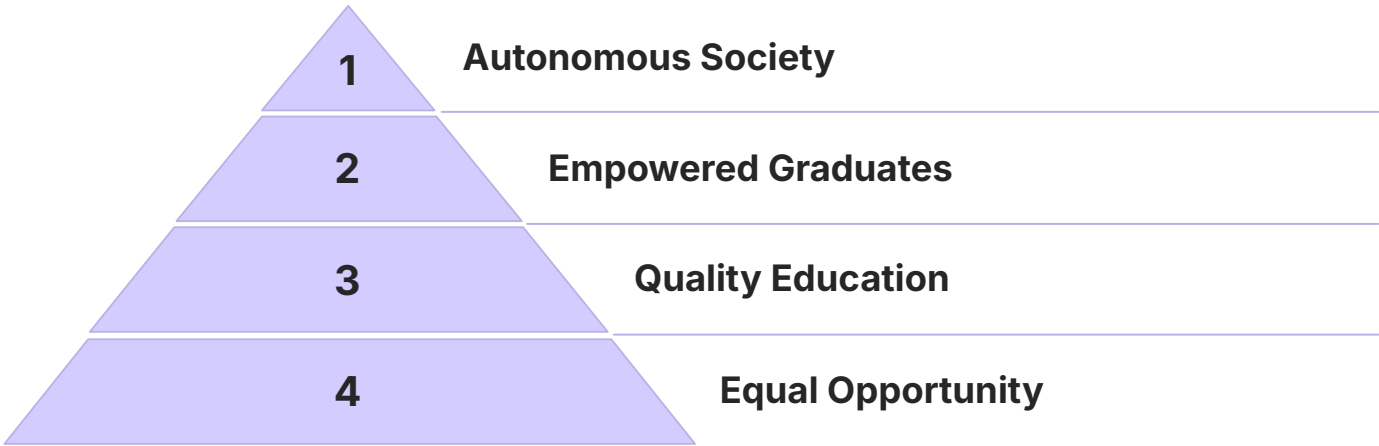

"Equal educational opportunity and a strong education system are crucial cornerstones of an autonomous society."

This foundational belief drives every decision we make at Meridian High School. We believe that education is not a privilege — it is a right. Every student, regardless of their background, circumstances, or prior academic history, deserves access to a high-quality education that prepares them for a fulfilling and successful life.

Our educational philosophy is rooted in the conviction that knowledge is power — *Ipsa Scientia Potestas Est* — and that by empowering students with knowledge, we are empowering them to shape their own futures and contribute meaningfully to society.

Autonomy Through Education

Meridian High School believes that a strong education system is a cornerstone of an autonomous society. When individuals are educated, they are better equipped to make informed decisions, participate in civic life, and contribute to the economic and social well-being of their communities.

From equal opportunity at the base to an autonomous society at the peak, Meridian's educational model is built to uplift individuals and communities alike.
